Project Details

Project Name:
Abermorddu CP School, Flintshire

Description of Works:
Modified 3-Tower Activity Centre manufactured from Recycled Plastic. The modifications include a Net Bridge instead of Crawl Tunnel, removal of the HDPE roof panels from one tower, and the addition of 4 x Interactive Game Panels. Installed into a pre-prepared MOT Stone base.

Safer Surfacing: PlayBond Bonded Rubber Mulch.

Completion Timescale: 3 Days.

Project Value: £19,352.93 + Vat.
