

PLAS COCH HOLIDAY PARK

New Recycled Plastic Play Equipment!

Having installed timber play equipment a number of years ago at Plas Coch Holiday Park, the younger children's play area was due for renewal.

Having discussed and considered their requirements, the management decided for like-for-like replacements within the children's play area – swapping the old timber equipment for Recycled Plastic versions. We removed the old equipment and installed the new Recycled Plastic versions. We also replaced their old Aerial Runway with a newer version on steel feet.

This was all installed into their existing woodchip safer surfacing.

Installed in June 2020

Value – £14,342 + Vat
