

ST. MARY & ST. MICHAEL CP SCHOOL, GUERNSEY

New Playground Equipment & PlayBond Safer Surfacing!

Having previously installed playground equipment on the Isle of Guernsey, we were contacted by St. Mary & St. Michael CP School – as they wanted to replace their old timber play frame with a new Recycled Plastic multi-play unit and new safer surfacing.

Having done a site survey, it was agreed with the school that the best option would be our Junior Playtime made from Recycled Plastic – and installed with our PlayBond recycled rubber mulch safer surfacing.

The school saved over 1,070kg of waste from going to landfill by choosing the Recycled Plastic play equipment, and have new play equipment that will last them for many, many years to come.

Installed in October 2021

Value – £19,909.25
