Budget Trail 1 - Timber & Recycled Plastic Mix!

Ysgol Bryn Glwyd contacted us as they wanted to replace their old timber trim trail that had been removed previously due to it rotting.

With the space available, it was agreed that our Budget Trail 1 would be the best small trim trail to replace this with.

Due to various circumstances, it was also agreed that the upright posts would be upgraded to Recycled Plastic so remove the possibility of there rotting in the ground.

This equipment was installed into grass with no requirements for additional safer surfacing.
